Dear Sir/Madam,

My name is Olivia and I am a member of the Bronyfoel Action Group. As you may be aware we were the only school to protest the council office on the 20th Nov. A few of us were allowed into the council chambers to listen and observe, myself being one of them.

It is now quite apparent to myself and the others who attended the meeting that the council are not taking our communities seriously. Therefore we must join forces to protest to the council on as big a scale possible.

Our group has also been liaising with Cymdeithas yr Iaith who will also be attending the council offices in protest of the closures on the 13th Dec.

We would therefore like to ask you to join in a protest march through Caernarfon. Starting at the top of Pool Street and finishing at the council office to join up with Cymdeithas yr Iaith. It will be a peaceful protest with as many people as possible making noise and bringing banners/placards for their individual schools. I am liaising with every school that is closing and asking for everyone to support and join the protest march including the communities surrounding them.

I would be very grateful if you would pass this information on to someone who would be willing to contact me so I can give full arrangements to them.

If for any reasons you do not intend to join in the protest, would you please mail me back to let me know as there are certain legalities I have to take care of regarding the march and I need a rough idea of numbers.

I look forward to hearing from you as soon as possible.

Olivia.
